NRO Comments on Meeting Long Range MC&G Requirements

1. The Chairman stated that the primary purpose of the meeting was to obtain comments of the NRO as to their potential capability to meet the long range MC&G requirements documented by the COMOR in MCGWG-D-7/4. Mr. [Redacted] indicated that these comments should be useful in expediting USIB action on long range MC&G requirements.

[redacted] He indicated that the NRO had been giving careful study to meeting the MC&G requirements, and called upon [redacted] [redacted] to present further proposals. [redacted] [redacted] gave an illustrated briefing, including information of a separate security classification. This information will be summarized by NRO in separate documentation. Following the briefing, it was concluded that the information presented provided efficient and responsive satisfaction of MC&G long range requirements. It was further concluded that the office of the Chairman would review the present MC&G long range requirements paper, in view of the information presented, and prepare a revised version for dissemination and comment by the COMOR MC&G Working Group members. It was generally concluded that information presented would enable prompt approval action by COMOR and the USIB.
